TECHNICAL SPECIFICATION

Force® 8 Half Mask Respirator

Large (F8-830) / BHG003-2L5-000

DESCRIPTION

The Force®8 twin cartridge half mask with Typhoon™ valve offers superior low breathing resistance and incorporates a 4-point suspension harness with quick release buckles. The mask accepts the full range of Force® filters, including PressToCheck™ and PressToCheck™ Compact ranges, providing protection against particulates, many gases and vapours.

FEATURES

Superior Comfort & Fit

Durable thermoplastic rubber mask available in three sizes for superior fit to most face shapes. Fully adjustable 4-point cradle suspension ensuring an effective facial fit.

Compatibility

The low-profile, swept-back design Force®8 PressToCheck™ enables excellent visibility, allowing the filters to be worn effectively behind all types of faceshield and welding visor.

Effortless Maintenance

The Force®8 half mask has been meticulously engineered to incorporate a small number of key components. Disassembly, cleaning and maintenance are effortless with replacement parts available if necessary.

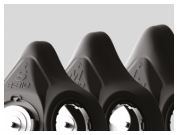

Typhoon™ valve

Low resistance exhalation valve for easy breathing. Made from silicone it performs well at very low temperatures.

Filter Compatibility

Fully compatible with PressToCheck™ twin filter cartridges, providing daily face fit reassurance with the easiest way to check the seal each time the mask is donned. Fit it - Press it - Check it.

Available in 4 Sizes

Available in Small, Medium, Large and Short/Wide to provide an even better fit to a wider range of face sizes and shapes improving the seal and level of protection. A size guide is available for use with Force® respirator masks.
