

# TECHNICAL SPECIFICATION

## Force® 8 Half Mask Respirator

Short Wide (F8-840) / BHG002-0L5-000

### DESCRIPTION

The Force®8 twin cartridge half mask with Typhoon™ valve offers superior low breathing resistance and incorporates a 4-point suspension harness with quick release buckles. The mask accepts the full range of Force® filters, including PressToCheck™ and PressToCheck™ Compact ranges, providing protection against particulates, many gases and vapours.

### OPTIONS

## FEATURES

### Superior Comfort & Fit

Durable thermoplastic rubber mask available in three sizes for superior fit to most face shapes. Fully adjustable 4-point cradle suspension ensuring an effective facial fit.

### Compatibility

The low-profile, swept-back design Force@8 PressToCheck™ enables excellent visibility, allowing the filters to be worn effectively behind all types of faceshield and welding visor.

### Effortless Maintenance

The Force@8 half mask has been meticulously engineered to incorporate a small number of key components. Disassembly, cleaning and maintenance are effortless with replacement parts available if necessary.

### Typhoon™ valve

Low resistance exhalation valve for easy breathing. Made from silicone it performs well at very low temperatures.

### Filter Compatibility

Fully compatible with PressToCheck™ twin filter cartridges, providing daily face fit reassurance with the easiest way to check the seal each time the mask is donned. Fit it - Press it - Check it.

### Available in 4 Sizes

Available in Small, Medium, Large and Short/Wide to provide an even better fit to a wider range of face sizes and shapes improving the seal and level of protection. A size guide is available for use with Force@ respirator masks.
