# TECHNICAL SPECIFICATION

## Sonis®1 Ear Defenders

Extra Visibility Green / AEB010-0B1-B00

## DESCRIPTION

The Sonis® range has been stylishly designed with a traffic light colour code for easy identification. Materials have been chosen for both performance and comfort over extended periods of use, with careful design ensuring a small number of key components for easy maintenance.

Sonis®1 ear defenders offer low attenuation.

## OPTIONS

Dark Grey / Green (AEB010-0AY-800)

Extra Visibility Green (AEB010-0B1-B00)

White / Green (AEB010-0A1-R01)

## SAFETY STANDARDS

EN 352-1

JSP Limited. Worsham Mill. Minster Lovell. Oxford OX29 0TA. England.

Adjustable Yes

**BSI Kitemark** Yes

Recyclable Yes

Head Band Material Padded Textile

SNR 27 dB

Head Band Material

TPE

Hygiene Hygiene Kits

**JSPCheck** Yes

**Product Weight** 

223g

## FEATURES

#### **Performance**

The Sonis® range of ear defenders have been designed by the JSP R&D team. Working with a leading UK acoustic engineering research facility, they have developed an ear defender range that peaks at an unbeaten 37 SNR.

## Comfort

The over-moulded headband has a built-in comfort area with ventilation. The headband force and the cushion surface area work together to provide optimum cushion pressure and comfort.

#### Customisation

Sonis® cups can be coloured to meet a corporate identity. They can also be printed with a company logo for improved brand recognition and to discourage theft. MOQ's apply.

#### Adjustable Steel Arms

To facilitate even distribution of pressure the wearer can tilt and adjust the position of the earcup for optimum comfort and fit.

## Hygienic

The headband is manufactured from TPE, making it easy to wipe clean. The sealing rings are easy to replace. Hygiene kits are available for each model.

## **Extra Visibility option**

The Sonis® range is available with extra visibility cups and a reflective head band for added low light protection.
